## Workshop Description

### **Community College Bound? Consider This Before You Go** **A Workshop for Students in Grades 9- 12 AND Their Parents**

As the costs of four-year colleges continue to escalate and the risks of dormitory living during the age of COVID remain, more and more students are opting for community colleges as the places to start their postsecondary lives. If you want to graduate with a Bachelor's degree in four years, however, you need to be mindful about course selection and more at the two-year institution. In this workshop, college counselor and President of **Crimson Coaching™**, Dr. P. (Dominique Padurano, Ph.D.) shares insights from bestselling authors, admissions officers, and students who have made successful transitions from two- to four-year schools. Participants should bring a notebook, a pen/pencil, and an open mind.
