Workshop Description

Dealing with the Rise of the “Highly Rejective” Colleges: A Workshop for Students in Grades 10-12 and Their Parents

Fueled in part by the COVID-era “test-optional” admissions requirements, the explosion in the number of applications turned many “highly selective” colleges into “highly rejective” colleges in the spring of 2021. Come learn how to avoid a long string of rejections and what to do when the inevitable one arrives in your inbox from Dr. Dominique Padurano, President of **Crimson Coaching™**, an elite tutoring, test prep, and college counseling firm. Some of Dr. P.’s recent private clients have been accepted to Harvard, Princeton, Stanford, and elsewhere – and collectively their essays have earned them more than \$500,000 in merit aid. Students should bring: (1) a pen or pencil; (2) a notebook; and, (3) an open mind with them to this Zoom talk.
