## Workshop Description

### **Note Taking and Studying Effectively:**

#### **A Learning Skills Workshop for Students Grades 6-12**

As young people progress from elementary to middle, and from middle to high school, coursework becomes more challenging, but students often aren't taught the academic and organizational skills they need to meet those challenges. In this workshop, master teacher and Founder of **Crimson Coaching™**, a boutique tutoring firm, Dr. P. (Dominique Padurano, Ph.D.) teaches students key strategies for critically reading, note-taking, and studying for exams. She also guides parents through how to effectively monitor and assist their children at home as they experiment with these new techniques. Students should be accompanied by a parent and should bring a notebook and a pen or pencil.

### **Speaker Bio**

**Dr. P., Dominique Padurano, Ph.D.**, founded **Crimson Coaching LLC** in 2014 to provide families and students with the academic, organizational, and emotional tools they need to soar through school and life.
