Workshop Description

Study Like a Pro: Acing APs, Regents, Finals, and More!

A Skills Workshop for Students Grades 6 to Adult

As young people progress from elementary to middle, and from middle to high school, coursework becomes more challenging, but students often aren't taught the academic and organizational skills they need to meet those challenges. Moreover, big exams often carry big consequences in the college admissions process. In this workshop, master teacher and Founder of **Crimson Coaching™**, a boutique tutoring firm, Dr. P. (Dominique Padurano, Ph.D.) teaches students key strategies for studying for exams, whether they have eight weeks or eight hours. Students should be accompanied by a parent and should bring a notebook and a pen or pencil.
